LOVE'S WIRELESS MESSAGE.

We sat apart, that I will swear.  
The church's width; I just could see  
The curve of cheek, the glint of hair,  
And eyes downcast in modesty.  
But when we met and, tongue-tied, I  
In stammering words my love would show,  
The maiden calmly answered: "Why  
I knew you loved me long ago!"  
So now I smile when papers tell  
Of wireless talks from sea to shore—  
Young Cupid knew that trick full well  
For many hundred years before.  
—New York Times.

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

### NEEDED IMPROVEMENT

Road Being Made to Connect the Hill City Pike With East Sixth Street On An Easier Grade.

A much-needed improvement is now fully under way in the construction of a macadamized road from the Hill City pike to the intersection of Sixth street at the Almshouse.

Cuts are being made in heavy places, giving the road a uniform grade.

About one-fourth of the distance has been metalled, and the work is progressing in a satisfactory manner.

When completed it will shorten the distance over a mile to the Hill City pike farmers visiting the city, as heretofore they had to travel out the Fleming pike in coming to and going from town.

The county has given \$200 and the city is expected to contribute \$50, while a number of colored men living along the line have given several days work free in the good cause.

### NO SUCH THING

As a "Dry" Town—Prohibition Don't Prohibit—Booze Plentiful in Bracken

A number of young Augustans, the majority of whom are not of age, are making a practice of going to Ripley, and not only coming back here in an intoxicated condition, but are bringing liquor to others. —Augusta Chronicle.

Does prohibition prohibit?

Answer the question yourself.

Augusta is classed as a dry town in a dry county, but doesn't nearly everybody know that there is about as much liquor (really more whisky but less beer) consumed in Augusta and Bracken county than there ever was?

After liquor was voted out of Augusta, one of her ex-saloonists opened a saloon in Ripley so that he could, under the inter-state commerce act, ship liquor to Augusta and Bracken county.

It is said that this man is making a fortune off his Bracken county trade alone, and his weekly shipments to the "dry" and thirsty Brackenites reaches several hundred dollars worth.

The Administrator of the late George Sheehan, who was killed by a train last winter, have brought suit at Owingsville against the C. and O. Railroad Company for \$25,000.

THE new Cunard Line steamer Lusitania on her trial trip made an average speed of 25 1/2 knots an hour for 1,200 miles. This is a rate of almost 30 land miles an hour, and she will reduce the time in crossing the Atlantic by one day. The 35-knot-an-hour steamer is predicted.

It is stated that the officials of the Erie Railroad declare that they have paid \$10,000 a year to the officers of the National Association of Machinists as an insurance against strikes. As soon as they failed to pay the tribute the labor troubles began.

W. E. CURTIS, one of the most truthful of newspaper correspondents, was recently granted an interview with Mrs. MARY BAKER EDDY, aged 86, the high priestess of the Christian Science cult, and says:

I watched her very closely—every motion that she made—because her physical and mental condition is now subject of litigation; but during the interview, which lasted about twenty minutes, I did not see the slightest sign of the "senile debility," "mental infirmity" or "physical incapacity" which has been alleged as the basis of a suit to deprive her of the care of her property.

THE following item from The New York Commercial is pertinent to the situation and pretty nearly explains the status of the railroads:

"Where do the railroads stand? They don't know; nobody knows. It will take years for the Courts and the railroad legal departments to work out the meaning and effect of the Federal and state legislation of the past twelve months. But much of this legislation goes into effect at once, and the problem of keeping within the law and out of Jail is a mighty complicated one—especially for officials of interstate lines—which means nearly all roads of any importance."

## RUGGLES CAMPGROUNDS

Splendid Meeting Now in Progress at this Beautiful Resort

RUGGLES CAMPGROUNDS, Aug. 5, 1907.

Another Campmeeting has passed into history. The last Sunday brought an immense throng. We had not the opportunity to find out the accurate gate receipts, but those who are competent to judge say that the crowd was equal to, if not larger than on any previous occasion. Some idea of the way the people streamed in may be had, when a young lady who watched the gate says that in just one hour by the watch 2,076 persons passed in, not counting the children, and there was several hours of just such a rush.

The Praise service at 9 a. m. was led by Rev. M. A. Wallingford. Dr. Aultman preached to a crowded tabernacle at 10:30. His sermon which was an hour long was a very earnest and practical one on a very practical subject.

The singing was great. The choir sang the beautiful anthem, "Lift Up Ye Heads, O Ye Gates." The male quartette at the earnest request of many, sang again the beautiful quartette "Nearer My God to Thee."

Rev. J. M. Ackman preached at 2 o'clock. It was intended that Dr. Aultman should preach again at the evening service, but he was so hoarse and exhausted by previous work that he was not able to do so. Rev. F. W. Harrop took the service in hand, invited all the preachers to the platform, including ministers of other denominations and have each make four minute talks. Each expressed himself as to the good of the meeting and while there was regret that there was not more visible results, yet all seemed glad of the occasion and believed the results would be for the best. At the close Rev. Harrop called upon the audience to give the Chautauque salute to the ministers, their wives, the choir, the musicians, and last, but not least, the male quartette, all of whom had rendered such faithful service and had contributed so much toward the success of the meetings. After this, "God be With You Till We Meet Again" and the final "Doxology" was sung, then a moment of silent prayer and the final amen was said and another Campmeeting was ended. Goodbyes were said on every hand and hopes expressed of meeting again next year. After nearly every one had turned in for the night, the quartette, which had been having a final friendly chat at the preachers tent, started out and serenaded all the campers with the famous "Glory Song" which was cheered on every hand.

This morning all is bustle and bustle in the camp, the most of the campers will be gone before night. The Board of Directors will hold its final session at 7:30 this morning, which winds up the business for another year.

Maysville was represented by a host of folks yesterday, among whom we can make mention of but a few—Mr. W. R. Smith and family, Mr. and Mrs. George Pollitt, Mr. and Mrs. Sam Porter and daughter, Miss Katie, Mr. Frank R. Hancke and Miss Lynn Schatzmann, Mr. Tommie Clayton and Misses Jennie Hefflin and Birdie Rasp, Mr. Courad Rasp, Mr. and Mrs. H. L. Walsh, Mrs. H. Speth of Newport, Miss Duke Forman, F. F. Gerbrich, Dudley Quaintance and sisters, Mr. and Mrs. Charles Viceroy, Mrs. R. M. Wallingford, Mr. and Mrs. Bruce Ross and daughter, Mr. and Mrs. William Ross and Mrs. George Fleming, Mr. and Mrs. Robert Lumán and Mrs. Amanda Sears, Dan Shafer, Miss Martha Gaeheke, James McNamara, Bruce Crawford, Mr. Howard Stickley and Miss Ida Rudy, Mr. Starrett and Miss Anna Grimes, Chief of Police Harry Ort, Mr. W. A. Wood, Prof. and Mrs. W. P. King and Prof. Coryell.

An unfortunate accident occurred Sunday morning during the gathering of the great crowd. The horse hitched to the conveyance in which Mrs. Ellen Teager of Tolleleshore had come here in, became frightened and as the horse started Mrs. Teager attempted to jump out and in doing so she sustained a compound fracture of the hip. She was taken immediately to Rev. M. A. Wallingford's cottage, where she received medical attention and was removed to her home this afternoon. Mrs. Teager is quite an aged lady, 67, which makes the injury quite serious.

Mrs. Teager's home is in Illinois, but she has been visiting friends in Tolleleshore since last November.

Finally, we are very grateful to THE PUBLIC LEDGER for the prominence given to Campmeeting news and for other courtesies shown; also to the many who have expressed their appreciation for what we have written. R.

## KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and cut.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

MAYSVILLE, KY.

Editor Public Ledger—Dear Sir: There is so much good, juicy meat in that kick by the member of the Advisory Board of the Mason Fiscal Court, that I am constrained to offer a few more observations. He is cock-sure of one thing, viz.: "I am sure this kicker is not familiar with the turnpike proposition." Now this maybe true, and of another thing I hasten to assure him, i. e. this kicker knows that when a turnpike "Boss" comes along, pulls \$3 out of this kicker's pocket and puts this smooth Springdale road out of repair, when \$1 would have put it in good repair, a kick is due even from a "private citizen."

This member of the Board also advises us to figure some. Agreed, but first a question or two about this Advisory Board, that has gone out of its heeten track, to give the Assistant Supervisor a double dose of whitewash. Really we are constrained to congratulate Mr. Luttrell; but don't you think gentlemen that you have put it on a little thick? Won't it crack? We'll see: Now to the figuring. This Board, we are reliably informed, consists of four members of the Fiscal Court, their duties we guess at from a few words found in a report signed J. W. Boyer, Chairman and dated June 29th, 1907. Viz.: "In pursuance of a duty that devolves upon the Advisory Board of free pikes to tour and inspect the roads in the county."

Now, is this Board either useful or ornamental? If either, let's it rather costly? Let's figure four members of the Fiscal Court at \$3 each per day, \$12. "To tour and inspect" 375 miles of roads in county, 25 miles per day, which is a long enough drive if proper inspection is made, 15 days at \$12, \$180, for one inspection. Gentlemen, when you let the public know how many times a year you can enjoy these tours of inspection we will figure some more. But Mr. Taxpayer, these little leaks tell some of the story of why Judge Newell is handicapped with a shortage of road funds. And now if His Honor please, I will remark that when General Lee wanted a particular

job done, he sent Stonewall Jackson, a man that knew how.

When General Grant looked about for someone to execute his purpose he did not select a nice little Advisory Board. Not he, he sent Sherman or Sheridan or Pap Thomas, and the job was done with neatness and dispatch. Why? Because they knew how. Can't you find in our great and wealthy county a few men that really know how?

Yes, verily turn these incompetents out.

This is a trying time of the year. Many discomforts arise from the heat. The best way to be comfortable is by bathing often, at least twice daily, and using a liberal quantity of talcum powder. By bathing often one keeps the skin clean and the pores open, thereby allowing the entire body to breathe freely, which means perfect health. The best soap to use for the bath and toilet is Picard's Complexion Soap, non-injurious, healthful soap. Talcum powder keeps the skin cool, cures heat rash, stops chafing and is excellent toilet requisite. We have number of kinds.

Near London, Ky., J. W. Woodall shot and killed Lam Whitaker over a game of cards. This is the sixth member of the Whitaker family to be killed during the last three years.

There are still pending against the Standard Oil Company seven indictments, containing 4,525 counts, which, on a basis of Saturday's fine, might result in fines aggregating \$88,000,000. The first of these indictments will be tried in the fall. Following the suggestion of Judge Landis, District Attorney Sims and his assistants began Monday the work of netting the Chicago and Alton Railway. An attempt to secure indictments against officials of the Standard Oil Company concerned in the rebate deals is being considered in a tentative way, but there is little likelihood, it is said, of the chief officials of the company being indicted.

That fine of \$29,240,000 against the Standard Oil Company may be modified to 1 cent. Cincinnati lawyers are interested in this phase of the case. It may be set aside altogether. Corn and tobacco in Cabin Creek bottoms never within memory made such an unfavorable showing as at present. Roth crops are uneven size, thin on the ground, with a yellow sickly appearance caused by too much rain and cool nights. The same can be said of other crops excepting potatoes, which are good. Our farmers are still sowing turnips and other quick growing things to the limit of seed, hoping that the spring and summer have been unfavorable, autumn will smile abundantly. Let us not forget the promise, "While the earth remaineth, seed time and harvest, and cold and heat, and summer and winter, and day and night shall not cease."

The readers of this paper will be pleased to learn that there is a new and reliable disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**TURNPIKE ADVICE**

Let the Discussion Rest For a While  
—Some Pike Pointers

The discussion of the turnpike question has been pretty well exhausted through the columns of THE PUBLIC LEADER during the past few months. Therefore we have decided to cut out any further argument for and against the turnpike, at least for the present season.

While mentioning the subject, however, THE PUBLIC LEADER would be pleased to see the pikes kept in superior condition; the ditches well cleaned; the big stones and other debris removed from the roads, and lastly, but not leastly by a ding sight—all the briars and brambles and overhanging limbs removed where they interfere with people when they travel.

Save all the trees along the roads.

Don't cut any tree down unless it interferes with travel. Trim them and keep them in good shape.

Trees are what ornament a road and give setting to the landscape.

Let the campaign be made for better roads—smoother roads, pretty roads and good roads.

**MOTHERHOOD**

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

**Lydia E. Pinkham's Vegetable Compound** has been the standby of American mothers in preparing for childbirth. Note what Mrs. James Chester, of 427 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham:—"I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

**Mrs. Pinkham's Standing Invitation to Women**  
Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

**WOMEN'S WOES.**

Maysville Women are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney life. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. J. B. Gibson of 22 East Fourth street, Maysville, Ky., says:

"The prompt and thorough action of Doan's Kidney Pills should recommend them to everyone suffering from backache or kidney troubles. I have known the value of this remedy for several years. Its use in my case proved to me that it is a reliable kidney cure and cannot be excelled for backache or weakness of the kidneys. I have recommended Doan's Kidney Pills before and I should advise every sufferer to supply and try them."
